VISION OF THE FUTURE

GOOD THINGS COMING TO GLENDALE IN THE NEXT FEW YEARS

In 1886, at the time of its incorporation as a city, Glendale had its first and only boom, which soon collapsed ruining or crippling financially, several of its founders. It stagnated for several years, then began a steady, healthy growth which has never ceased. The present business activity cannot be called a boom. It is simply a vigorous expansion of the steady advance of the past nine years, during which we have grown in population from 2500 to fully 15,000, which number we are positive a careful census would show today. In residences, business buildings, school and church buildings and industrial projects the growth has been simply marvelous, when it is considered that there are no large manufacturing enterprises to draw residents. Our unequalled climate, clean civic conditions, healthful surroundings, cheap water and light and first-class transportation service are the assets which have counted in this development. Our only lack right now is from 200 to 500 good houses that could be rented to people most desirous of living in Glendale. But that is a condition that will be remedied in time.

Now let us turn from this bright present outlook to a vision of the near future and see what is in store for us. First, the Verdugo Wash will be harnessed so that no fear of its leaping its banks may be felt; three beautiful new concrete bridges will span it on North Brand and the P. E. track will be lowered to grade (Continued on Page 4)

BIRTHDAY DINNER PARTY

Mr. and Mrs. Joseph Smith of 222 North Cedar street entertained Wednesday evening with a birthday dinner party complimentary to Mrs. J. G. Ferguson. Decorations of dark red carnations were used on the beautifully appointed dinner table where reposed an eighteen-pound turkey as the piece de resistance of the meal. Course followed course until everything that goes with a turkey dinner had been served. The wishes of the guests for the birthday lady included the wish that she might have a turkey every birthday. The guests were Mr. and Mrs. Ferguson and daughter, Miss Esther, Dr. and Mrs. A. L. Bryant and sons, Hugh and Albert.

THE LEARNEDS RETURN

E. H. Learned and wife of the Grandview district arrived at home Tuesday night after an absence of more than two months, during which they visited many points in Central California, going by auto. They spent ten days in Asilomar attending the sessions and later visited with M. E. Leach and family of Modesto, former Glendale residents. Mr. Learned spent most of his time picking fruit in the many orchards that dot that portion of the state.

HOME AT LAST

CORPORAL J. MILLER HOLMAN ARRIVES AFTER NEARLY TWO YEARS' ABSENCE

Corporal James Miller Holman of 104 N. Central Ave arrived at home Wednesday from San Francisco. He had been expected for several days and his parents, sisters and brothers were certainly delighted to see him at last. He has received his discharge, so is at home to stay.

He enlisted soon after war was declared in the 143d Artillery, 40th Division, but was later transferred to Battery E., 6th Regiment, First Division, and went overseas. He was at the St. Mihiel, Argonne Forest and Meuse River battles and beyond minor bruises and a slight touch of gas, came off scatheless. Though more than once a candidate for the hospital, he concealed his condition in order to keep away from its horrors. Seeing his own comrades falling wounded or dead beside him was his worst trial.

Corp. Holman has his old position with a Los Angeles bank awaiting him, but will rest for awhile before going to work.

STATE PICNICS

The Kansas reunion will be held Saturday, September 13th, in Sycamore Grove, with Dr. J. E. Rhodes scheduled as the main speaker of the day.

The Michigan Association announces a picnic for Saturday, September 20th, at Sycamore Grove.

FINE NEW THEATRE

PASADENA TO HAVE NEW PLAYHOUSE WITH H. C. JENSEN AS ONE OF PROMOTERS

The Pasadena Evening Post in its first issue, September 9th, had the following statement regarding the new theatre building soon to be erected there:

Seating 2500 people, one of the finest theater buildings in Southern California is planned for North Raymond avenue, to stand on the west side of the avenue facing Library park.

The new theater building with its costly and complete furnishings will require an outlay of more than a quarter of a million dollars.

It is to be built by a company of local and out of town men, men of means and standing who have not decided to embark upon this venture without going most completely and carefully into every detail of the situation.

Officers of the new company are B. O. Kendall, president; Henry C. Jensen, vice-president, and William C. Crowell, secretary-treasurer. Associated with them are a number of other men prominent in the business world. Henry C. Jensen, capitalist and already owner of several successful theaters, is to be the lessee of the new house. He and his sons have extensive knowledge of the business and have been highly successful in all their previous theatrical ventures.

Completely Equipped

The new theater is to be built to be used either as a moving picture house or for legitimate theatrical at (Continued on Page 4)

COLONEL GOOD TO HIS DOGS

A few days ago it was announced through the columns of this paper that Col. Tom Thornton was building a close fence around his premises at the corner of Brand and California for the purpose of keeping his fancy dogs at home, but now it appears that the Colonel is giving his dogs the liberty of all the real estate at this point and is therefore building the fence around the entire property. The fence in front of and to the south side of the residence will be of netted wire. The other portion of the fence is of board construction.

RIGDONS COMING FROM SAN DIEGO

Nathan Rigdon, of San Diego, came up Wednesday and started workmen to building a temporary home at Doran and Central avenue, where the family can live till their new house on the same lot, is finished. They will move up from San Diego on Saturday to become permanent residents of Glendale.

NEAR A CENTURY

LOUIS MERCHANT LAYTON PASSES AWAY IN 97TH YEAR

Louis Merchant Layton died at the home of his son, Thomas E. Layton, 316 North Cedar, Wednesday, Sept. 10th, at 8 a. m. The funeral services will be held Friday, 2 p. m., at the L. G. Scovern Co. parlors, Rev. Henry S. Munger officiating. Interment will be in Forest Lawn cemetery.

Deceased was born in Laytons, Fayette Co., Pa., Feb. 11, 1823, hence was in his 97th year. He attended Washington and Jefferson College at Washington, Pa., and later was connected with the business management of the Wheeling, W. Va., Intelligence for many years, leaving it to move to Galveston, Texas, where he lived until 1912, when he came to Glendale to live with his son, Thomas E. He greatly enjoyed this lovely climate and a short time before his death said Glendale was the most beautiful city he had ever lived in. He enjoyed being out in the open air and when his son was living at 1345 East Colorado he would sit out in the front yard every day the weather permitted. The sight of this aged man with his beard and hair of snowy white became a very familiar one to passersby and Eastern people who came out to Glendale year after year would stop to speak to him and recall having seen him there in previous years. He leaves three sons, Wm. H., of Houston, Texas, Louis M., of Austin, Texas, and Thomas E. of Glendale; also one daughter, Mrs. I. N. Waterman, of Pomona. His birthplace, Laytons, Pa., was named for the family, which came from England early in the eighteen hundreds and settled in Fayette county. Dr. Henry Layton was the deceased's father.

MINORITY REPORT ON TREATY

SENATOR HITCHCOCK PRESENTS STATEMENT ANSWERING MAJORITY REPORT SUBMITTED BY LODGE

(Special Service to Glendale Evening News)

WASHINGTON, Sept. 11.—Senator Hitchcock today presented to the Senate the minority report of the Foreign Relations committee on the peace treaty.

It urged immediate ratification of the treaty. Senators Hitchcock, Williams, Pomerene, Pittman and Smith of Arizona signed the report.

The report replies to the majority report which Senator Lodge presented yesterday and charged that Senators opposing the League of Nations know the treaty is invincible in a fair fight and hope to defeat it "by indirection" through reservations.

The main point in the minority report declares that delay in ratification has already brought "government by obstruction;" that already American trade shows the effects of the delay; that the adoption of reservations means that the United States will lose all concessions it secured from Germany in a dictated peace; that the reservations are the work of Senators determined to destroy the League and defy the treaty; that the League of Nations is the only hope of preventing international chaos and that opponents of the League have no substitute to offer.

ANTICIPATES STEEL WORKERS STRIKE

ATTORNEY-GENERAL PALMER STARTS INVESTIGATION OF CONDITIONS IN MILL DISTRICTS OF PENNSYLVANIA

(Special Service to Glendale Evening News)

WASHINGTON, Sept. 11.—Attorney-General Palmer today started an investigation of conditions in the mill districts. At the same time union men were perfecting plans for a strike of steel workers to be called September 22d.

Palmer declared that if Federal laws are violated there will be prosecutions.

The union charges that the right of free speech and assembly have been denied in the Western Pennsylvania district and Palmer revealed that he has been watching the situation for several weeks.

Union leaders declare that 300,000 to 100,000 is "a good estimate" of the number of men subject to strike call.

MORE BOSTON RIOTS

SAILOR SHOT WHEN MILITIA ATTEMPT TO BREAK UP CROWD OF GAMBLERS ON BOSTON COMMON

(Special Service to Glendale Evening News)

BOSTON, Sept. 11.—Rioting was resumed here at 11 a. m. today when militiamen attempted to break up a crowd of gamblers on Boston Common. One sailor was shot.

Soldiers had rounded up a score of gamblers and were marching them down the street when the crowd attempted to release the prisoners. Fighting followed and many shots were fired into the air. Finally a bayonet charge dispersed the crowd.

Indications today were that there is little chance of immediate settlement of the policemen's strike.

BIG DAMAGE IN FLORIDA HURRICANE

ONE DEAD, THREE MISSING AND \$2,000,000 PROPERTY DAMAGE IN BIG STORM AT KEY WEST

(Special Service to Glendale Evening News)

KEY WEST, Sept. 11.—A summary of the known damage done by Tuesday night's hurricane which swept this city shows one dead, three missing, nearly \$2,000,000 worth of property destroyed, and 350 houses and five store buildings wrecked, as a result of the storm.

An uncounted number of small fishing boats and other craft were wrecked.

EXPLOSION NEAR COBLENZ

TWO HUNDRED INJURED IN ACCIDENT IN MUNITIONS FACTORY IN AMERICAN ZONE IN GERMANY

(Special Service to Glendale Evening News)

LONDON, Sept. 11.—Cologne dispatches today stated that 200 persons were injured and an unknown number killed in a munitions explosion within seven miles of Coblenz.

The explosion occurred within the American zone of operations. The dispatches did not indicate whether any Americans were killed.

NINE GAMES IN WORLD'S SERIES

NATIONAL COMMITTEE ANNOUNCED CHANGE IN THIS YEAR'S CHAMPIONSHIP SERIES

(Special Service to Glendale Evening News)

CINCINNATI, Sept. 11.—The National Baseball committee today announced that it has been definitely decided that the World's championship series this year will consist of nine instead of the usual seven games.

HILL MCGILLIS HOME

DISCHARGED AT PRESIDIO MONDAY AFTER TWO YEARS' SERVICE

Hill McGillis, one of the last of the Glendale boys to leave France, if not the last, arrived home Wednesday, September 10th, after an absence from home of two years. He wears three gold service stripes as he saw eighteen months of foreign service. Hill left Camp Lewis in January, 1918, with a unit which was attached to General Headquarters first at Chaumont, then at Tours and finally at Bourges. He was in the Central Records office where a card index of all the American soldiers was kept and his work was in the Research Forwarding Department of the postoffice.

The boys in this branch of the service did a vast amount of monotonous routine work and were not sustained by the excitement of those who went to the front or were doing outdoor work.

When Hill wrote from France that he was coming home he told his parents to look for him September 10th. He calculated well for that was the day he arrived. A card received Tuesday conveyed the news to his happy parents that he had arrived at the Presidio on Sunday. Mr. McGillis took a wild chance and went to meet the 8:30 train from the north Wednesday morning and was surprised and overjoyed to meet his long-absent son.

Howard McGillis, the second son, who was with an anti-aircraft battalion in service in France, has been home for several months. Mr. and Mrs. McGillis are very happy and thankful now that both their boys are home.

ENDEAVOR PLANS

YOUNG PEOPLE'S CAMPAIGN FOR YOUNG PEOPLE BY L. A. COUNTY WORKERS

Los Angeles County Christian Endeavorers have been brought face to face with the fact that there are 300,000 young people in Los Angeles county and only about 30,000 to 35,000 who are being reached by our Sunday Schools, Young People's Societies and Churches.

To meet this, shall we call it opportunity, they have organized an evangelistic campaign for October and November.

The campaign is divided into 17 one-week series of tent meetings held in the different districts of the county, two series each week with two of the best evangelists that can be secured.

Glendale has been fortunate in securing one of the first of these meetings, ours coming the first week in October.

The Christian Endeavorers of Glendale have asked the co-operation of all the Young People's Societies in Glendale and from now on this campaign will be known as "A Young People's Campaign for Young People."

Prayer Circles are being organized in all the churches, because this campaign is based on prayer. Two soul-winning classes are being held in the district. The first one next Saturday night at 7:30 at the Lutheran Church; also the organization of a large chorus choir is well under way.

Come on! Let's Go Forward, on our knees for, "Just Jesus."

ENDEAVORER.

BOY SCOUTS TESTED

ALL COME THROUGH SUCCESSFULLY AND WILL BE GIVEN HONOR BADGES

L. T. Rowley has given the Evening News a report of the result of Boy Scout tests, held in the North Glendale avenue plunge, Wednesday. It was four Scouts, First Class, of Troop 1, who took the tests. All passed successfully and will be awarded honor badges for merit in life saving.

The first test was to raise from the bottom of the plunge a weight of at least 10 pounds and deposit it on the bank. In this case a stone weighing 11 pounds was used.

Next it was necessary for each boy to swim 150 feet, with clothing on, and at the end of this exercise take off coat, pants and shoes while still swimming.

Then each contestant had to rescue an apparently drowning boy and swim with him through the water 60 feet.

Last of all it was required to demonstrate methods of resuscitating supposedly drowned persons.

Mr. Rowley was highly pleased at the successful passing of all the tests by his pupils.

"RAGTIME" TEA

LADIES' MINSTREL SHOW TO BE GIVEN FOR BENEFIT OF COMMUNITY SING

Friday evening, September 12th, will be gala night in Glendale when the women will give a colored minstrel show entitled, "Mrs. Rastus Rainbow's Ragtime Tea." Haunting melodies, jokes and choruses will be features of the program. The affair will be staged on the beautiful grounds of Mrs. Ella Richardson, corner of Central avenue and Riverside Drive, and is given to secure funds to aid the Community Sing which Glendale hopes to maintain the coming fall and winter. Prof. Hugo Kirchoffer of Hollywood, leader of the Community Sings, will be present and give vocal selections. The grounds will be illuminated and dancing will follow the program. A band from Los Angeles will donate their services.

Mrs. Opal Greenwalt is managing the business end of this affair so a financial success is assured. Miss Eva Daniels is chairman of publicity, Mrs. A. H. Montgomery, stage director, and Mrs. Charles A. Parker, musical director. Mrs. L. N. Hagood and Mrs. J. A. Wright will be accompanists. The array of talent in the following program speaks for itself:

Opening Song—"Glendale"
..... Mrs. Charles A. Parker
Song—"De Ol' Ark's a Moverin'"
..... Mrs. Mabel F. Capell
Song—"I'm Always Chasing Rainbows"
..... Mrs. G. D. Roach
Reading—"Mrs. H. W. Timothy"
Song—"Mighty Lak' a Rose"
..... Mrs. Mabel F. Capell
Song—"Mammy o' Mine"
..... Mrs. Winona Cranford
Song—"My Laddie"
..... Mrs. George Herald
"Doodle Dandy"
Song—"Kentucky Babe"
..... Mrs. L. N. Hagood
Reading—"Angelina Johnson"
..... Mrs. A. H. Montgomery
"Mammy's Little Pumpkin Colored Coon"
..... Mrs. C. M. Van Dyke
Among others in the program will be Mrs. A. A. Barton, Mrs. Roscoe Puffer and Mrs. Maud K. Jones.

BIG CAR WRECKED

As Harry Moore, machinist for the Oakland Agency and repair garage, was motoring from Hollywood to Glendale early last Monday morning he noticed an overturned and badly smashed car on Los Feliz hill about half a mile the other side of the Los Angeles river. It had apparently rolled over and over, down the hill until it brought up against the bank at one side. Two Los Angeles policemen were in charge of it to prevent stripping by auto thieves who might happen along. It was learned afterward that the car belonged to a lady in Casa Verdugo and that her chauffeur was driving it when the accident occurred. Although the car, which was one of the largest size, was a total wreck, the driver was only slightly hurt.

BIRTHDAY SURPRISE

MRS. GEORGE ADAMS HONORED BY MEMBERS OF HER S. S. CLASS

Mrs. George E. Adams, of 350 Ivy St., teacher of the Woman's Bible Class in the Congregational Sunday School, had a birthday Monday, September 8th, and was given a pleasant surprise by the members of her class. She went to a class meeting in the Sunday School rooms and found herself the guest of honor at a party. She was most happily surprised and appreciated heartily the loving thoughtfulness of the ladies which prompted this recognition.

Eighteen were present. Some of the members of the class being out of town could not be there. A lovely little dinner was served at a long table beautifully decorated in pink and green, carnations and pink lilies being used. After the first course, Mrs. W. D. McRae gave a toast to the guest of honor. Later Mrs. A. S. Chase brought in the birthday cake. Mrs. Adams is not old, but there were enough candles to make a nice illumination. Miss Frater was chosen to present to Mrs. Adams a handsome box of fine stationery on behalf of the class. Miss Colton read an appropriate birthday poem, one composed by her own mother on her ninety-first birthday. A very happy social hour followed.

NATURE'S WAY OF DEALING WITH CONCEITED MAN

Science has established that some 25,000 years ago there appeared in Europe, probably from Africa, a race of human beings to which the name of pro-Magnons has been given.

This race was no savage or even barbaric affair. Judged by the skulls and skeletons which have been brought to light along the shores of the Mediterranean, it was one of the finest if not the finest class of human beings this world has ever known.

True, the pro-Magnons did not have the mechanical knowledge or the advanced arts that modern man enjoys, but in stature and in brain capacity he exceeded all but the finest of the modern Europeans.

His height was from six feet two inches to six feet six and eight inches and his body was formed proportionately. The women of the race averaged larger than the modern man.

The pro-Magnon overran the greater part of Europe, exterminating the less powerful and less advanced Neanderthal race. He had a culture of his own as shown by the remarkable paintings and drawings left in his cavern home.

But the pro-Magnon race vanished among the mysteries of the evolution of mankind long before even the dawn of history. But for a few bones and his drawings, we should never know he ever had been.

But in the day of his zenith, the pro-Magnon probably thought himself the kingpin of the universe, the last word in creation. He could not conceive of any society different from his own or any discoveries not known to his own keen brain and alert eye. He was a thoroughbred.

The rise, fall and disappearance of the pro-Magnon has a lesson for modern men. It is not to take themselves, their so-called progress or their knowledge too seriously. Nature has a way of making them look foolish and then of annihilating them.

We have no reason to believe that our day is going to be the last day or our vision the last vision, or our discoveries the last discoveries.

Perhaps 20,000 years from now, the men of that day will think even less of our civilization than we do of the culture of the hunters who roamed the forests of Europe 20,000 years ago.—Stockton Independent.

A MAN'S JOB

May it be the will of the people of the United States to remain loyal to the country of their birth or adoption. Keep the home fires burning is a very appropriate rule to observe—the United States first and then the welfare of other countries should be the plan of our people. The United States comprises a vast territory and it is a big man's job to serve as its leader without dividing his time among other nations.

PARIS, Sept. 11.—The peace conference was notified today that Premier Bratiano of Rumania has resigned.

The conference was also notified that the Serbian cabinet has fallen.

FIGHT WATER RATE INCREASE

SAN FRANCISCO, September 11.—The fight of Oakland, Alameda, Berkeley and other East Bay communities against the East Bay Water company's effort to increase its water rates was resumed before State R. R. commissioner Edgerton today after a postponement of two weeks during which the commission made a study of the entire question.

Declaring that labor and all other expenses have increased until present rates are unprofitable, the company has asked authority to increase its rates to consumers and to reimpose a fire hydrant charge on East Bay municipalities. City attorneys of all the interested communities joined in the fight on the rates, and urged that the company use its two-year water storage supply, stopping virtually all of its pumping to maintain present rates.

The City of Burbank is to spend \$75,000 on enlarging her water system.

SOCIAL UNION
The Social Union, composed of the Women's Missionary Societies of the Christian churches of Los Angeles and vicinity, meets in Glendale for the first time on Friday, Sept. 12th, at Central Christian Church. The morning session opens at 10. The visitors, as well as home members, will bring lunches and the ladies of the local church will serve coffee and tea.
The afternoon session will be full of good things. Mrs. W. D. Root of Glendale will be one of the principal speakers and there will be others of prominence. A number of the ministers of the District will be present, also.
Advertise it, or advertise for it in the Evening News.

Personals

Dr. Deiterich recently purchased a beautiful Oakland coupe as a present for his wife.

Mr. and Mrs. William H. Bell, of 1327 North Maryland avenue, have just returned from a week's outing at Catalina.

M. J. McGrew, proprietor of the Broadway Garage, has moved into the property he recently purchased at 336 Geneva.

Mr. and Mrs. Henry Koepke who have been spending the past summer in Athena, Oregon, are returning and will occupy their S. Central avenue home again.

J. W. Slater, who recently established a "Tire Hospital" at 110 W. Harvard, is trying to secure a home in Glendale so he can bring his family here to live.

Friends of Mrs. Jas. P. Drake of 812 S. Maryland Ave. will regret to learn that she has been confined to her home several days with a severe attack of grippe.

Mrs. E. C. Hurlbert, of 348 West Park avenue, left Wednesday evening for Portland, Oregon, where she will spend a few weeks visiting her mother.

Mrs. R. P. Jodon and children, Earl and Dorothy, Mrs. T. C. Stem, her mother and E. L. Dayhoff and family, their guests, are in Long Beach today for an outing.

Attorney James F. McBryde returned last night from a successful business trip to Arizona. He drove through and encountered some mighty dry, hot weather and is happy to be home again.

Mrs. Jack Thomas of the White Inn, Broadway and Glendale avenue, is very optimistic over the business outlook. She is very well satisfied with the increase of her patronage and says everything points to a steady growth.

H. S. Webb has just returned from a buying trip and says he has made connection with some of the best known manufacturers in high class merchandise. He believes "it's merchandise that counts."

Mrs. H. C. Fenstermaker, who has been undergoing treatment in a private sanitarium for rheumatism, has so far recovered that she was able to return the first of the week to her home in the De Luxe apartments.

Mr. and Mrs. Groutage, who recently came here from Western Canada to visit relatives, the Chapmans, like Southern California so well that they have decided to make their home here, so bought property at 312 North Belmont.

Capt. D. Ripley Jackson and wife came back from LaJolla Monday. They had spent the summer there and they certainly had an enjoyable time. They are glad to be back in Glendale to meet and greet their many friends.

E. L. Dayhoff, wife and two children of Tulare, are here to spend two weeks with Mrs. T. C. Stem and Mrs. R. P. Jodon, 224 S. Louise, mother and sister of Mr. Dayhoff, who is an employee of the S. P. at Tulare. The family lived in Glendale formerly, moving away in 1909.

Wm. Kelly of 350 W. Elk Ave. who has been head driller for the Standard Oil Co. in the Montebello field for more than a year past, has been called to Casper, Wyoming, vicinity by his former employers, the Minnesota Oil Co., at a largely increased salary. The wife and boys will remain in Glendale.

PRETTY LUNCHEON

Miss Carol Hurlbert, of 348 West Park avenue, was hostess Saturday afternoon at a luncheon, the guests being fourteen young ladies from Hollywood. Miss Hurlbert's former home. Luncheon was served at 1:30 at a table beautifully decorated with tea roses. The afternoon was happily spent in reminiscing since the young ladies had been separated for some time.

WILL GREET TEDDY, JR., SATURDAY

Members of the League of American Defenders, composed of soldiers, sailors and other service men of the World War, are all agog over the coming visit of Col. Theodore Roosevelt, Jr., to boost the organization of the American Legion, a National organization on the same lines as the Glendale order. Many of the boys expect to go in Saturday to greet Col. Roosevelt and it is expected that the local camp will affiliate with the National order.

CHANGE OF MEETING DATE

The Soul Winning or Personal Work Class, which was formerly announced to be held tonight (Thursday) at the Lutheran Church, has been postponed until Saturday night, Sept. 13th.

Be sure and be there Saturday night on time. These classes are being led by competent teachers and are fully worth your while.

Glen Eyrie Chapter, O. E. S., will hold a regular meeting this evening at Masonic Temple. A good attendance is urged.

MARY G. POLLOCK, W. M.
JOSEPHINE WOOLSEY, Sec'y.

MAGNOLIA WANTS 3D GRADE

The ladies of the Magnolia Club have been working for some time endeavoring to obtain a 3d grade department and teacher in the Magnolia school. They succeeded in finding 20 pupils of that grade in the district and last Thursday night a committee consisting of Mrs. Ernest Morgan, president of the club, and Mrs. Grover Adams, attended the meeting of the School Board and presented a petition praying for a 3d grade and teacher. It was taken under advisement and the ladies earnestly hope it will be granted, as they think it a hardship for pupils of 3d grade age to have to trudge to either Cerritos or Pacific Avenue schools.

MOVING PICTURES IN CHURCHES

The entire Bible is to be filmed, is a recent announcement; that is, every part of it that can be put into pictures, and it is thought that all large church buildings of the future will be provided with moving picture outfits so that these films can be shown. Rev. Clifford A. Cole, in his sermon at Central Christian Church last Sunday morning, said he hoped that when the new building was put up for his congregation it would be provided with such an outfit.

JEWISH RABBI TO PREACH IN GLENDAL E

Rabbi Joseph Goldman was in Glendale Wednesday to see Rev. C. A. Cole about occupying the pulpit of Central Christian Church in the near future. He is a Russian Jew and his large family was bitterly persecuted by the Bolsheviks, who killed his wife and all his children except one son. The latter turned against his father when he was converted to Christianity in America, but later was reconciled, though still adhering to his ancient faith. The son enlisted and was assigned to the 91st Division. He was killed in battle just three days before the armistice was signed. The father, who is a highly educated man, has determined to go to Palestine, with 28 other converted Jews, to evangelize among the thousands of his people who are flocking to that land so dear to them, now that it is freed from the blight of the Turk. The greater number of these are going from Russia. Rabbi Goldman will probably occupy Rev. Cole's pulpit Sunday evening, Sept. 21st.

The regular meeting of the executive board of the Glendale Federation of Parent-Teachers' Associations will be held Monday, Sept. 15th, at 2:15, at the Intermediate School. MRS. A. A. BARTON, President.

FIFTEEN-MINUTE SERVICE ON P. E. SOON

Fred Volkhart, a Glendale motor-man, who was loyal to the P. E. Company during the recent strike and never failed in a single trip, said yesterday that every car and train was run on time Wednesday, with full night service, except that 20-minute service prevailed all day. The schedule calls for 15-minute service from about 6:30 to 9 a. m. and from about 4:30 to 6:15 p. m. All will be normal by next week.

WHAT'S WRONG WITH PEOPLE NOWADAYS?

Why should there be unsettled conditions in business in the United States at the present time?

There is an abundance of food and clothing and plenty of work for everybody. It is a downright shame for men, women and children, to be dissatisfied in this land of plenty.

What has taken possession of the hearts of men, anyway, that some of them have adopted a plan of hoarding the necessities of life, others who are getting high wages, have formed the habit of striking,—anything that will cause misery and unhappiness seems to be the aim of so many.

In pioneer days when this country was being built up there was no thought of profiteering and striking. Settlements were made in the shelter of the hills and timber near a stream of water and there the family grew up educated to help one another and assist their neighbors.

Seed time came and every farmer was glad to have sufficient seed to sow and plant to give him a chance of reaping a harvest. When harvest time came, the grain was stored in a crude warehouse only long enough to haul it with the ox team to the nearest market which was probably a hundred or two hundred miles distant.

The producer was glad to take in exchange for his crop anything that could be worn by the family, and the purchaser was glad to part with his wares and get the grain for immediate use. No railroad men to strike then for there were no railroads and no steel factories and no corporations and no labor unions. It was with so-called civilization that came all of the differences of mankind. Even school teachers, the educators of the people, are talking about forming unions. What is coming next?

MUSIC IN THE HOME

(By Mrs. Nanno Woods)
Music is intended to make us happy. Just as we like to taste pleasing food, and to look at pleasing objects, so we enjoy listening to pleasing sounds. There are some people whose eyes perceive but vaguely the beauties of nature; their inner perceptions have never been awakened. Similarly there are folks who have not been educated to a keen appreciation of music. What a pity to go through life deaf to beauty of sound!

It is not necessary to learn a musical instrument in order to love music; thousands of music lovers there are who cannot play a note. But ask any one of our non-performing friends, and he (or she) will confess that he would give anything to be able to play or sing, for the desire of his heart is to find his own avenues of musical creation and expression.

The world needs music and more music. The soul demands it. See then to it, ye parents of our future men and women, that every boy and girl be given the opportunity of learning some musical instrument—whether piano, violin, cornet, flute, saxophone, or guitar, it does not much matter. Find teachers who impart joy gladness and hope into the hours of musical instruction, and thus provide your young people with a never-failing source of comfort and happiness, to be theirs throughout the ups and downs of the years that are to come.

A PRIZE WILL BE GIVEN
to the boy or girl under 16 who writes the most interesting letter (limit, 200 words) on—

MY FAVORITE INSTRUMENT
Explain why you like it. This competition is open to any boy or girl, whether studying music or not. Letters to be sent to Mrs. Nanno Woods, 122 West Millford street, Glendale, before September 20th. Winning letter will be published. Watch out for next week's musical competition.

TUJUNGA

On Tuesday Mrs. Jessie Ward will leave for a trip to the east, visiting at Minneapolis, New York, Boston and many other eastern cities. She will be gone all winter returning about the first of March. Andy Peterson has purchased her large flock of White Leghorns and will remain for the present on her place to care for them, and look after her interests here. Mrs. Ward has been identified with the colony for the past six years and will be greatly missed by her many friends, who all wish her a pleasant trip and a safe return.

Carrol Pacher has purchased a Ford machine and in cranking it received a blow that badly hurt his wrist, so he has to try a sling for a time and be more careful in the future.

Miss Gertrude Cross, who has been visiting with Mrs. Ash, returned to Los Angeles last week Friday. She will be here off and on for the winter.

ter, and will give instruction to a few in vocal music. Those who have heard Miss Crossing are very much pleased with her.

We regret to announce the passing of Mrs. H. E. Hubbard on Sunday morning. Mr. and Mrs. Hubbard were among the first comers in our village, and it is always with regret that we part with those who are so closely associated with the life of the colony. Mrs. Hubbard has been in poor health for more than a year past, but hopes have been entertained for an ultimate recovery. Mrs. Hubbard was the mother of nine children, seven of whom are living and reside in Dakota, none in this vicinity. Services were held at the Fulliam parlors in Glendale, Mr. Wieman, of Tujunga, officiating. The remains will be taken to her old home in Dakota, Mr. Hubbard to accompany them on Wednesday evening.

Mrs. Leo Lang has returned to her home after a number of weeks at the

Westlake Hospital in Los Angeles. She is making favorable progress and we know that the home atmosphere and Tujunga will complete the cure.

Mr. and Mrs. Traverse of Los Angeles have rented the Arthur home on San Ysidro Road.

Miss Regina Leckie left on Wednesday to spend the winter with her aunts who reside in San Francisco.

Mr. and Mrs. Stuber have rented the Duprey house for the winter. Mr. Stuber is working at the oil well in Hansen Heights, and Mrs. Duprey and daughter have gone into Los Angeles for the winter.

Aileen LaRue is attending school in Los Angeles, staying with Mrs. Wight.

Glorietta Heights School opened on Monday with the largest attendance in three years and more are expected next week, running up the number to over forty scholars.

Wonderful Opportunities in the Automobile Field

The history of American industries shows nothing which can compare with the rapid growth of automobile manufacturing. In the past few years a wonderful industry has been developed. In the United States alone there are over 500 factories at work on automobile construction, representing a capital of about \$2,000,000,000. Besides there are about 32,000 dealers in the United States employing several hundreds of thousands of men and women.

The development of automobile delivery trucks and light wagons is proceeding rapidly and every year sees the introduction of new makes in large numbers.

The demand from factories, garages, and salesmen for trained men is a direct result of this marvelous growth. The supply of such men is small—their pay correspondingly high. This is the field of opportunity you can enter through the sure, easy Home-Study Courses of the

International Correspondence Schools OF SCRANTON, PA.

Hundreds of thousands have proved it. The designer of the Packard "Twin Six" and hundreds of other engineers have climbed to success through I.C.S. help. For 28 years young men in offices, stores, factories, mines, railroads—in every line of technical and commercial work—have been winning promotion and increased salaries through the I.C.S. Over 130,000

men are getting ready right now in the I.C.S. way for bigger jobs ahead. No matter where you live the I.C.S. will come to you. No matter what your handicap or how limited your means, the I.C.S. have a plan to meet your circumstances. No matter how small your previous education, the simply written, wonderfully illustrated I.C.S. textbooks make it easy to learn.

Complete Automobile Course

If you want to become an expert automobile driver, chauffeur, or mechanic you should study the I.C.S. Course in Automobiles, because it will acquaint you with the principles of operation, the details of construction and the types of apparatus used, making you an expert in your work. The Course is full of hints and suggestions covering all troubles and needs that may arise. As an automobile owner you cannot afford to be without the knowledge contained in this Course, whether you drive your car or employ a chauffeur. Ignorance is not only expensive to the owner, but it is dangerous to the occupants of a car.

SUBJECTS TAUGHT

Examples of Electric Systems
Troubles and Remedies
Overhauling and Repairs

When everything has been made easy for you—when one hour a day spent with the I.C.S. in the quiet of your own home will bring you a bigger income, more comforts, more pleasures, all that success means—can you afford to let another hour of spare time go to waste? Make your start now. Just fill in your name and address in the lower right-hand corner of this advertisement, and send it to us. We will be glad to explain our plan to you without delay and without any expense or obligation on your part.

International Correspondence Schools

C. W. OSBORNE, Representative
Box 174, Glendale, Calif.

Manager of the Cole Motor Car Company

I enrolled for an I.C.S. Course several years ago, and I have found the instruction contained therein to be of great value. I heartily recommend the I.C.S. to any young man who desires to make a success of life.

J. F. RICHMAN,
Factory Production Manager, Cole Motor Car Company, Indianapolis, Ind.

FINE NEW THEATER

(Continued from Page 1)
tractions, so-called. It will have a complete stage suitable for any class of theatrical entertainment and this stage will be outfitted completely to handle traveling companies.

Plans for the new building, already being completed, call for construction of reinforced concrete. The exterior is to be most attractive and since the building will be solely a theater the architect has full play in designing a building typical of the profession it represents. Architecturally it will be decidedly different in many respects from the ordinary run of theaters, the elimination of stairways being one of the striking features of the plans for the handsome building.

In ground space the new building will have a frontage of 102 feet by a depth of 175 feet to the alley running north from Holly street. This will make an alley entrance to the stage, a feature much to be desired in handling scenery and traveling theatrical attractions.

Large Lobby Planned
Entrance to the theater will be through a wide portal leading into a very beautiful lobby from either side of which inclined ways lead to the mezzanine floor. Aisles all over the house will be wide and the whole plan of construction is such that the establishment will be a combination of the most modern ideas in theatrical construction.

The screen will be so arranged that there will not be a seat in the house from which a good view may not be obtained. Proper acoustic results will be secured by a shell-like proscenium arch flanked by ornamental supports so designed as to add to the volume of sound as produced on the stage. Much care has been taken with regard to the acoustic qualities of the big auditorium as it is probable that many musical events will be given in the new house which, with its extra large auditorium and down town location, will lend itself readily to such purpose.

Lounging Room Planned
Handsome retiring rooms are located on the mezzanine floor. They flank a beautiful lounging room between which and the mezzanine seats run a mezzanine promenade which is certain to prove a popular feature in the new house, especially with attractions which are given in several acts when intermission time may be devoted to a short promenade along this walk.

Every detail of the project has been worked out to a point that the construction of the new theater is definitely counted upon to be commenced as soon as the plans are completed. The business standing of the backers of the project insures their ability to perform what they undertake.

There was a \$200,000 fire in the P. E. warehouse, Seventh and Alameda streets, Los Angeles, Wednesday morning, supposed to be of incendiary origin. A fire alarm box nearby had been put out of commission so that there was a delay of 10 minutes in the engines getting there. The fire company claimed that the loss would have been very light could they have been notified in time.

VISION OF THE FUTURE

(Continued from Page One)
from these bridges north to the foothills, and south to Doran street to meet the present grade. The Burbank line will branch off at Stocker street and run west along it to Pacific avenue. Then this street will be extended for the P. E. right of way and highway purposes across the vineyard south of Sixth street to Grandview avenue, where the P. E. will join the present right of way. All of that section will be built up with beautiful homes, surrounded by large grounds.

In the eastern and southern sections the Sycamore Canyon Road extension will be completed and the P. E. loop constructed. The tracks will all be lowered to the grade line from Colorado street south to the city limits and Brand boulevard will be one of the finest streets in all California.

La Ramada will be purchased from the P. E. and be made into a city park, and a neat little station will be built at Stocker and Brand, where the Burbank line will then branch off. Stocker will be a paved boulevard all its length and much more travel will be diverted up Brand and Central avenue.

These improvements are not figments of the imagination, but all have been proposed and considered for many months by both the city administration and the P. E. Company. They should not be hard to work out and the expense to the city and property owners will not be excessive.

According to the Burbank Review the sum of \$365 has been paid out by the city authorities the past year for new electric light globes and shades. Hunters and small boys with rocks, air guns or sling-shots are responsible for nearly all of this wanton destruction of this city property. Glendale suffers a much larger loss than Burbank's each year from the same cause. Destruction of property is as bad as theft and should be severely punished.
